# Women's Healing Retreat | Ecuador

30.11. - 08.12. 2019

Lead by: Jutta Klöckner & Barbara Reichau

For the first time the two healers Barbara Reichau and Jutta Klöckner offer this unique **exclusive Healing Retreat for Women**.

Barbara is a professional trauma therapist and expert in emotional energy healing, working with women all over the world for more than 30 years. Jutta is one of the few European women trained in the work with San Pedro Medicine since 11 years and working as a shaman, healer and mentor since more than 20 years.

In a sacred space and **small group of 6 likeminded women** you will have the opportunity to open your femininity, to realize and release what is holding you back to start living the life your heart is calling for.

In wonderful powerful shamanic ceremonies with the medicine plant San Pedro, sweatlodges, one to one healing sessions and massages as well as immerse yourself in special feminine power places, you will renew yourself on the deepest level of your being.

Jutta's special gift is her voice and the ability to connect to your soul while chanting. This healing through the frequencies of her intuitive singing is unique and part of all ceremonies.

You will receive your personal sacred healing song recorded on MP3.

The retreat takes place at the fantastic **4 Volcanoes Lodge**, located in San Pablo del Lago in the northern Andes of Ecuador. The lodge is a true paradise with view to a lake, volcanoes, offering an amazing garden, jacuzzi, terraces, comfortable cosy rooms and delicious food.
